Gasoline Further Up

The price of gasoline went up another cent on the gallon Monday. This upward price has become an almost weekly occurrence and there is no telling how much further it will go. It was said last spring when gasoline and coal oil began coming down it was only for the purpose of freezing out the small concerns and the price would go back up soon as this was accomplished. One thing good about the advance is it is winter and will fall with much lighter force than it would if it were spring when the demand would be greater. The advice of the Times is to use as little as possible and in this way keep the dollars from the oil trusts if we do not want them ourselves.

Today Last Day

Today is the last day to pay your state and county tax to Sheriff Wm. Garrett to escape the penalty of six per cent. Mr. Garrett and his deputy, Floyd Wills, have been very busy men since court set in. Writing receipts seem to be a great pleasure to them, and that is something every man should have before the winter months set in. But there will be a tax sale a little later on just as there has always been the first of each year.

More Accommodation

Persons going from here to Mt. Sterling now find extreme accommodations at L. & E. Junction where the depot has been closed and passengers waiting for connection of trains which is sometimes two hours, may sweetly rest under the canopy of the clouds or sky as the case may be. We used to have a railroad commission to regulate the railroads, now we have railroads to regulate the commission and the public too.

To Improve School Grounds

Prof. F. P. Tracy, principal in the Darlingsville Consolidated school is bending a strenuous effort to improve the grounds at the school and care for the school building. This house has not been as well cared for both in and out of school term as it should, thus Prof. Tracy's efforts should be loyally supported by the patrons.

Coal Market Slumped

J. D. Gabbard, coal operator from Elkatawa, was here last week and reported a considerable lull in the coal market occasioned by lower prices. He says coal is worth but \$1.50 per ton at the mines, and that this price will not pay for the mining and handling expenses and at the same time leave fair price to the operator for the coal taken. For this reason most mines are closed.

Thanksgiving Exercise

Thanksgiving exercises were held at the Methodist Church and were well attended.

Wants More Money

Joe S. Boggs, State Road Engineer at the head of the Road Commission at Frankfort, says ten million per year must be forth coming for road construction in Kentucky or the road building plan collapse. He suggests bonds. The Times opposes any bond issue or any increase of tax on farm property. The limit has been reached in the question of taxation. We prefer the roads as they are if it takes more tax to get them better. Each road plan conceived and enacted into law at Frankfort has previously failed. The people want success of some fixed plan before investing more money or incurring a greater debt.

College Professor Caught

A Cincinnati College Professor in Lithography was caught with a number of counterfeit \$5.00 bills. It is not often that the highly schooled allow their dishonesty to be apprehended by the officers of the law, and to be caught in its clutches. They usually last a lifetime and often play the roll of honor. These are the kind of thieves to be dreaded, but we have many of them in this natural state, being largely schooled, which better equips them for the success of dishonest conduct.

Lots Surveyed

Jesse Swango, the newly elected Justice by the Democrats of Stanton, was here Saturday and surveyed some town lots for Mr. John Scott who contemplates having a public sale of these lots soon. Squire Swango also did some surveying for Mr. Ben Nee while here Saturday.

Lyle & Company Caught

Lyle & Company, Stanton, are mentioned in the list of creditors filed by petition in bankruptcy by W. M. Phillips Auto Company, Lexington. The total liabilities of the company are \$58,607.56; assets \$32,041.00. Lyle & Company are reported for \$500.00.

Berea Student 71

Rev. J. Franklin Brown, 71 years old, a student and teacher in Berea some 40 years ago, is now in Berea College completing his work for a College degree. Mr. Brown is a full fledged student.—Berea Citizen.

Circuit Court Still in Session

Circuit Court is still in session at Stanton with the usual grind of justice for the successful litigants and disappointments for the unfortunates on the reverse side. But for some to win others must lose.

"Three in One"

The Times for a lasting Christmas present. It will please the recipient while getting it the year through, you for the satisfaction of knowing you have given an appreciated gift, and the editor as well.

Stanton's New High School

The foundation has been laid for the new Graded and High School building at Stanton. The town district is building this house alone. The county has no interest whatever in the building. The Powell County Board of Education is paying this school \$500 cash to teach the high school students this year. The county also conveys its one-half interest in the lot on which the new school building is being erected as further compensation for the teaching of the county's high school pupils. This lot cost \$750. This makes a total of \$875 the Board of Education will be out to the Stanton school for the teaching of the county high school students this year.

Delco Light Representatives

The Clay City Light & Electric Company, this city, has been engaged by the Delco Light Company to distribute their sturdy machines in Powell county, and to render service on those already installed. This company has been selling the Willys Light since last May and will continue to render service to the machines so sold. It will ever be the policy of the company to install and care for the plants so installed and to sell no plants but the best. If you want a farm lighting plant see them.

Church Dedication

The splendid new Presbyterian church will be completed and dedicated at Stanton Sunday. This church will compare most favorably with any church in Kentucky in towns the size of Stanton. Messrs. John D. Atkinson, R. C. Baker and O. C. Atkinson compose the building committee, and they most certainly have presented the town of Stanton with an edifice of worship which places its population under lasting thanksgiving to the good people at home and abroad who have contributed to its building.

Sells Meat Hogs

Ben Noe sold Tuesday to various persons six nice meat hogs averaging 366 pounds at seven cents per pound. The total price obtained being \$153.80. This is the income from one litter of pigs after the largest one had been kept out. Having raised the hogs and having raised the corn that made them, the amount secured was all for labor without any outlay of cash.

Some Meat Spoiled

The warm weather of last week caused some of the meat killed just before the warm weather to spoil. The wet weather combined with the warm was too hard for it.

Moving to Indiana

Mass Hall is moving this week to Indianapolis, Ind. to make his future home. He has several children there and goes there to be with them.

STANTON.

Misses Bettie Proffitt and Ruth Terrell, Campton; Messrs Clayton Shelton and Stanley Shelton, of Maysville, Ohio, spent Thanksgiving holiday with Mr. and Mrs. James Proffitt.

Dr. Browne was here Tuesday from Winchester to testify in a case in which Dr. Martin was concerned.

Dr. Wm. P. Aiken will preach the dedicatory sermon of the beautiful new Presbyterian church Sunday.

Prof. and Mrs. R. A. McConagha were in Lexington Saturday where they purchased some supplies for the new Presbyterian church.

Elder and Mrs. James T. Adams are moving to Indiana to reside. The good people of Stanton deeply regret to lose these splendid folks from our midst.

Mr. and Mrs. J. F. Webb spent Thanksgiving with Mrs. Webb's mother, Mrs. Creed. They remained over until Monday while Frank joined the sporting club.

Mr. and Mrs. Guy M. Crowe are moving back to their property here from Furnace where Mr. Crowe has been for the past several months looking after some oil interests. Mr. Crowe will assume his duties as clerk of the Powell Circuit Court January 1.

Dr. Johnson accompanied Warren Martin to the hospital Monday evening where he went to be treated for appendicitis. An operation will most likely have to be performed to save his life. Mr. Martin has many friends throughout the county who will regret to learn of his serious condition.

Oyster, Box and Pie Supper

There will be an oyster, box and pie supper at the Waltersville consolidated school building Saturday night, December 3rd. They will begin serving oysters, fried and stewed, at 2 o'clock p. m. and continue until late in the evening. In connection with the supper, they will have a beauty contest. Every body is invited to come, as a very enjoyable time is expected.

Ladies' Aid Bazar

The Ladies' Aid of the Christian church will give a Bazar and Bakery sale Clay City, Saturday December the 10th for the benefit of their church. The place for the holding of this sale will be announced in next week's Times.

Personal Paragraphs

R. P. Rose, of Clark county, was here yesterday.

A. D. Mathis, of Cynthiana, came up Saturday for a brief stay with Edwin Rose.

CLAY CITY NATIONAL BANK.

Prof. Jno. A. Rogers, the noted singing master, and daughter, Miss Nannie B., of Xena, attended services at Chop Chestnut last Sunday. Come again Professor.

Mr. and Mrs. Elzie Meadows, of Cat Creek, came up to church services last Sunday. We were certainly glad to have this young married couple in our midst and hope to have them with us again.

Thanksgiving passed off very quietly around here. The hunters were as thick as kids at a honey bee robbing. Some with guns, some with dogs, some with clubs, some with crooked stick, but we didn't see any with game.

Church services at Chop Chestnut last Saturday night and Sunday were well attended, despite the rainy weather. Two very impressive sermons were delivered by Bro. Geo. Briscoe. Bro. Proffitt Merrell and sons also assisted in the meeting.

Chas. and Minnie Crabtree entertained several of their young friends last Wednesday night. Among those present that we learned were: Anda Hanks, Jess Adams and H. S. Martin. They told jokes, and riddles and swapped yarns and Col. Hanks took the prize.

Rhymes? well here goes.

I had not laughed for many moons,
And life meandered bleakly
Though I had followed these buffoons
Who fill each jesting weekly.

I sat through forecasts heavy eyed
With melancholiness impending
Till in a paper I bespied
The price of food degrading.

I had not grinned at any pun,
The funnies were distressing,
Thought my laughing days were done
And life was unimpressing.

So times are not so hard and dry
In spite of fact and rumors,
While some few folks write and ply
A splendid sense of humor.

"Ladies Fancy."

THERE IS VIGOR IN RICH BLOOD

Pepto-Mangan in Liquid or Tablet —A Blood Builder

Vigor and strength have as their base rich red blood. Blood is rich when there are plenty of red corpuscles. They are the tiny red cells which swim in blood and give it its color. Without red corpuscles blood would be white; When overwork, or straining or illness weakens the blood, it diminishes the number of red cells. Without a sufficient number of red cells the blood becomes watery, the body weak. Vigor and strength fall off, so that physical life diminishes like a faded plant. The physical pleasures of eating and sleeping and exercise lose all attraction. There is no zest in living.

After Gude's Pepto-Mangan has been taken for a while the blood becomes rich with red cells. They help to nourish the entire system. With good blood at work there is a great difference in living. Eating, sleeping and exercise are enjoyed. All druggists sell Gude's Pepto-Mangan. Advertisement.

West Bend.

There was an entertainment and pie supper at the West Bend school on Thanksgiving night.

Our prayer meeting on Wednesday night was well attended and was very good, with Mr. Combs as leader.

On Saturday night, Sunday morning and Sunday night of this week, Sister Burke will preach at West Bend Church. Those who have heard her seem very anxious to hear her again. Every body come out and help us have a good meeting.

This is the last month of our school. Every one who has not been sending their children regularly should start them in now and let them come every day. The last month of school is usually the one in which the most intensive work is done.

Want More Trouble

There is a movement on foot to have a new Constitutional Convention for Kentucky, claiming that the present one is out of date. The Times opposes it. It means more taxes, more expenses and a worse constitution and a job that it will take the lawyers of the state twenty years to get it interpreted by the Court of Appeals. We agree that the present constitution is not what it should be, but we oppose a new one because we do not want a worse one.

Put Up Old Brindle

Soon the stock law will take effect in Powell county, when live stock of all kinds will have to be kept off the county highways. This means the commons, in and out of towns, will grow up and be infested with rabbits and game for the hunters. The Times believes it would have been better to have let old Brindle alone.

One Day Earlier

Last week and this the Times has been printed on Wednesday evening and mailed on Thursday morning. Communication for the paper will have to be in Wednesday morning to insure insertion in the current issue. Bear this in mind when you send in items for the paper.

High River

The river was bank full this week but did not get as high as was expected from the amount of water falling.

Sherman Townsend, who has

been at the Clark County Hospital several days on account of a fractured limb, had to have his leg amputated the latter part of last week. He is improving very satisfactorily, and hopes are good for his recovery.

James McKinney is improving nicely from a very severe attack of typhoid fever. He is at the Bush Hospital in Winchester.

Don't Poison Yourself

When the digestive organs are out of order and a fermenting mass of undigested food clogs the stomach and bowels, the result is auto intoxication or self-poisoning. That old fashioned physic, Foley Cathartic Tablets, give quick relief and does not gripe or sicken. Take one tonight.—Sherman Robbins & Son local agents.
